

Welcome to Fresh!

Thank you for expressing an interest in printing with Fresh! We have a streamlined process that ensures your job goes smoothly from start to finish. This guide explains how we work and what's required from you to keep the journey as smooth and efficient as possible.

For orders **under 25 units per product**, please [order online](#). A product is a unique combination of garment, design and placements. For orders **over 25 units per product**, please read on!

“SAY GEORGE, EVERYONE LOVES PRINTED T-SHIRTS. WE’VE GOT TO GET WITH THE TIMES AND **DITCH THE SUITS!”**

PROJECT TIMELINE

01	02	03	04	05	06
Order Intake	Quote	Invoice & Payment	Spec Sheet Approval	Production	Dispatch
You provide all the details about your job.	We send you a quote for approval.	Once payment is complete, we send you a spec sheet.	You check the spec sheet and sign off on the job.	This is where we work our magic!	Pickup or courier?

Process

Six steps from enquiry to dispatch. Quotes cannot be provided until every item under step one has been supplied.

1. Order Intake

To accurately quote your job, we need the following for each garment type:

- Selected garment types
- Size breakdown
- Print placements (eg. Left Hand Chest, Back, Sleeve)
- Print dimensions
- Due date
- Pickup or courier (if courier, include the shipping address)

[Fill out our quote form here.](#)

2. Quote

Once all the above is received, we send a quote you can accept with the 'Approve Quote' button. For an approximate idea of pricing, see the indicative pricing on page 5.

3. Invoice & Payment

Once you have accepted your quote, you will receive an invoice. As soon as it is paid and remittance is provided, our team generates and sends a final job spec sheet for your approval.

4. Spec Sheet Approval

The spec sheet includes all job details along with mockups. Please review it carefully, because once approved production begins. Any changes after initial spec sheet approval will incur steep fees.

5. Production

After spec sheet approval the job is scheduled into production. Standard turnaround is 10 to 14 business days, with rush options available. The timeline resets and fees apply if changes are made during production.

6. Dispatch

Once production is finished you will receive an email confirming your order is ready for pickup or courier. Tracking is sent to you automatically.

Choosing Your Garment

Get the garment right and everything downstream gets easier. Start by defining what the job actually is.

DEFINE THE JOB

Brand / retail. Silhouette first, then fit, fabric and feel. You are making something people want to wear again.

Band / tour merch. Design first, garment second.

Promo, event staffing, swag. Price first, then availability and speed.

Agency / corporate. Clean execution and no surprises. Confirm dispatch dates and shipping times early.

A reality check: for a lot of merch the hierarchy is simply I like this design, then I was there, then it fits okay. You do not need to over-engineer every decision. But if you are building a brand, people will notice.

THE 80/20 RULE

20% of garments get 80% of our prints. Start with AS Colour: broad colour ranges, men's and women's options, and cropped variations.

Classic Tee 5026. Classic fit, 220gsm, preshrunk. Our everyday default.

Staple Tee 5001. Good enough for white labelling, cheap enough for promo.

Heavy Faded 5089. 240gsm, garment dyed, drop shoulder. The streetwear starter.

Still unsure? Start with the Classic Tee, or the Classic Minus for a boxier fit.

WHAT ACTUALLY MATTERS

- **Fit and silhouette.** If it does not fit right, nothing else matters.
- **Purpose.** Match the garment to the job.
- **Availability.** Most delays are stock delays. Lock garments in early. If something sells out mid-job we can substitute, though pricing may change, and waiting for the original garment resets day one of production to the day blanks arrive.
- **Decoration compatibility.** Over-dyed fabrics can shift print colour and coated fabrics can ghost.
- **Price.** Last, not first. Price is a constraint, not the driver.

Try before you buy in bulk. AS Colour has retail stores in most major cities. Try it on, wash it, wear it out before committing.

Print Dimensions

Supplied artwork must fit within the maximum printable areas listed below. Artwork that exceeds these dimensions will be scaled down accordingly. If you're unsure about print sizing, we can recommend typical dimensions for your artwork.

GARMENT TYPE	MAX PRINTABLE AREA
Tops (Front & Back)	38cm × 43cm
Sleeves	8cm × 43cm
Totes	28cm × 30cm
Headwear	12cm × 6cm

SUPPLYING ARTWORK

Send print-ready artwork at **100% of the final print size**: vector (PDF, EPS, AI) or 300dpi PNG/JPEG with a transparent or clean background.

All measurements above are in centimetres, width × height. Not sure what will fit? Send it through and we'll recommend dimensions.

TOPS: 38 × 43

HOODS: 38 × 43

TANKS: 38 × 43

SLEEVES: 8 × 43

TOTES: 28 × 30

HEADWEAR: 12 × 6

Artwork Requirements

Our design team checks every file before production, so you will hear from us if there is a problem. Getting these right up front avoids artwork fees and delays.

FILES WE ACCEPT

PDF, EPS, AI and PSD. Raster files (JPG, PNG, GIF, BMP) are accepted at highest quality, 300dpi or better, at actual print size.

Vector is preferred: it prints crisper and is easier for us to adjust. If you send a PSD, save the artwork as a smart object.

Check your document size. "300dpi" only means something at final print size. A 300dpi file at 5cm wide is not a 300dpi file at 38cm wide.

BEFORE YOU SEND

- **Outline all text.** If we do not have your font, the file will substitute something close but wrong. Alternatively, send the font file.
- **Outline all strokes.** Stroke width does not scale with the artwork, so unoutlined strokes distort when we resize.
- **Build at final size** so print dimensions are unambiguous.
- **Separate each print** by placement so nothing is guessed.

COLOUR

Screenprint colour is matched using the Pantone Matching System. We work from **PANTONE+ Solid Coated**. Supply PMS values with your order, otherwise we work from what is in the file.

Monitors and printers vary, so colours in a mockup are not true to the finished garment. For an exact match, give us a PMS value or a physical sample. Colour matching fees may apply.

Printing light ink on dark garments usually needs an extra base screen so the result stays opaque.

IF IT IS NOT PRINT READY

Artwork that has to be redrawn attracts an artwork fee. We will always quote that and get your approval before doing the work, so nothing appears on your invoice unannounced.

Mockups are available on request. Beyond two mockups or artwork changes, we charge an art fee based on time taken.

RIGHTS & OWNERSHIP

By sending artwork you confirm you own it or hold a licence to use it. A design is the property of its designer and cannot be reproduced without written consent.

Films, separations, screens and mockups we produce remain Fresh property and may appear in our portfolio.

DO NOT HAVE ARTWORK YET?

Build a moodboard first, set a realistic budget, then shortlist artists from portfolio communities and freelance marketplaces. Brief them properly and lock the scope, timeline and ownership in writing.

The Fine Print

The terms clients ask about most, drawn from our full terms and conditions.

MINIMUMS & QUOTES

- Screenprint minimum is 25 units per product, where a product is a unique combination of garment, design and placements. It is not a mix and match total.
- Vinyl and digital transfers have no minimum.
- Quotes expire after 14 days and are subject to change once we review your artwork.
- All prices quoted exclude GST. GST of 10% applies to all products and services.

STOCK & SUPPLIED GOODS

- Standard turnaround is 10 to 14 business days. Rush is +10% for 10 days, +20% for 7 days, and +30% for 5 days where possible.
- Faulty blanks are the supplier's responsibility, but we will work with you on a solution.
- If a garment is out of stock we can substitute, though pricing may change.
- Customer-supplied garments carry a 2% misprint allowance, credited as a print owed rather than an item owed.

PAYMENT

- Payment in full is required to commence an order unless arranged in advance. Title passes only once paid in full.
- EFT preferred. Visa and Mastercard incur a 2% surcharge. No cheques.

DELIVERY

- Shipping is not included unless specified, and transit sits outside your turnaround.
- Couriers are booked with Authority to Leave. Wait time or re-delivery charges are passed on.
- We need a street address, mobile and email. PO boxes are not accepted.
- Pickup is available for Sydney Metro.
- Jobs ship in bulk packaging unless you order retail-ready finishes.

SETUP & EXTRA FEES

- Setup is a one-off if the exact artwork is reprinted within 12 months.
- Dark garments may need an extra base screen setup.
- Wash-out fees apply to colour or ink changes mid-run.
- Specialty inks may carry a surcharge.
- Beyond two mockups or artwork changes, an art fee applies.

APPROVAL, CLAIMS & IP

- All sales are final, because spec sheet approval is required before production starts.
- Check quantity and quality on arrival. Claims must be made within 48 hours of delivery.
- You confirm you own or are licensed to use the artwork supplied.
- Films, screens, separations and mockups we produce remain Fresh property.
- Cancellation refunds depend on production status. Fresh Tees Pty Ltd retains 20% of the invoiced fees on a cancelled project.

Final Notes

TERMS & CONDITIONS

A summary of our general T&Cs.

- Artwork must be either a vector file (PDF, EPS, AI) or a high-resolution JPEG or PNG. Low-resolution artwork that needs to be fixed will incur artwork fees.
- Production cannot begin without payment, unless terms have been pre-approved.
- Any changes made to the job after approval will incur fees and will delay your order ready date.
- Order ready dates are based on the prompt supply of information, payment of invoices and spec sheet approvals. Fresh Tees Pty Ltd does not accept responsibility for delays caused by these matters.
- Fresh Tees Pty Ltd retains 20% of the invoiced fees related to a cancelled project.
- Claims on orders must be made within **48 hours of delivery**.
